

## ***Information Evening for the 2020 Post Graduate Course in Systemic Therapy and Family Therapy: Foundation Level.***

***Monday, 21st October at 6.00 pm at 2/141 Stirling Highway, Nedlands, Perth.***

This Post Graduate course in Systemic Therapy and Family Therapy has training program accreditation from the Australian Association of Family Therapy, (AAFT), and has been delivering systemic training since 2004.

This training program is designed for clinicians looking for in depth learning of the theory and practice of Systemic Therapy and Family Therapy. Upon satisfactory completion of the course, trainees are eligible to apply for clinical membership of the AAFT.

### **Foundation Level Summary**

- This level consists of 200 hours, meeting weekly for 5 hours, on Mondays, from 3.00pm to 8.00pm beginning **Monday, 3rd February 2020.**
- You'll need a previous qualification in the medical or allied health professions and be currently working in a clinical role.
  - The foundation level focuses on understanding the concepts and developing skills in Systemic Family Therapy.
  - There is an emphasis on understanding the clinical implications of developing relational and contextual perspectives to emotional, behavioral and mental health problems.
  - Plenty of focused skills development practice, and observation of family therapy sessions.
  - Supervised family therapy practice with clients referred to the Low Fee Clinic.
  - Learning how to participate in reflecting and open dialogue teams.
  - Articles are provided throughout the course.
  - Maps of systemic competencies are used to help your learning and application of systemic skills.
